

You're invited to our consultation event

Improving water and wastewater services on the Isles of Scilly

Our vision is simple: thriving communities, protecting precious wildlife and crystal-clear waters, all powered by our dedication to high quality practices and cutting-edge technology. Our aim is to ensure all islanders can enjoy wholesome and safe drinking water, provide a plentiful, drought resilient supply of water for the long term and improve the resilience and sustainability of the wastewater network.

We would like to invite you to join us at our public consultation event to update you about our proposals to improve wastewater services on St Mary's.

**Tregarthen's Hotel, Garrison Hill,
Hugh Town, St Mary's,
Thursday 18th of July – 3pm to 7pm**

OR

**Join us at our webinar event on
7th August - 6pm – 7pm**

Please visit our website for details of how to register
- **Isles of Scilly | Projects and Investment | South
West Water**

At the event, you will be able to view the plans and talk to our team about our progress since our events last winter, including improvement works to existing services that are starting this autumn.

You know the area best, so we want to hear your views and feedback to help shape our proposals before we submit our planning applications later this year.

You can find out more about our investment programme and provide feedback on our proposals via our website from 15th July - **Isles of Scilly | Projects and Investment | South West Water**

We hope you can join us. Should you have any questions in the meantime about our investment programme, please feel free to contact us at **IoSProject@southwestwater.co.uk**.
